All trailers are twin axle unless stated otherwise. Coupling locks and wheel clamps can be supplied for all trailer models. Prices on application.

Dimensions and weights are given as a guide only. We reserve the right to alter specifications without notice.

Optional accessories have been priced as factory fit items, ordered with the trailer. If ordered at a later date, your distributor may need to fit the items, which could result in fitting charges being incurred.

* Excludes tailboard: a standard ramp (1') is included within the trailer price. ** Deduct £50 for mesh sides if trailer ordered with 3' high rear ramp.

LED lights draw very little current and this means some vehicles present problems when coupled with LED equipped trailers, including (but not limited to) hazard warning lights flashing continuously and erroneous dashboard tell-tale lights. Where such problems occur, these are vehicle problems and Ifor Williams Trailers will not be responsible for their resolution. Owners are strongly advised to make thorough checks with the vehicle manufacturer before buying an LED equipped trailer.

All Ifor Williams trailers will come as standard with a 13 pin towing electric plug. This is in order to comply with the requirement under ECWVTA regulation changes to provide trailer reversing lights. If your vehicle has only a 7 pin towing socket then a convenient adaptor can be purchased with the trailer to convert the trailer's 13 pin socket back to 7 pin.

13 pin to 7 pin Towing Electric Plug adaptor £8.
